Monthly NXX Code Request Report of The North American  
Numbering Plan Administrator For June 2001

Dear Mr. Waddell:

The North American Numbering Plan Administrator NeuStar, Inc. ("NANPA"), in its role as the neutral third party administrator under the North American Numbering Plan ("NANP") and in response to a request by the Tennessee Regulatory Authority ("Authority") files the attached monthly report for June 2001 containing public information regarding requests for NXX codes in the 615 and 901/731 area codes.

On December 10, 1999, the Authority requested that NANPA "regularly report to the Authority the names of telecommunications service providers requesting NXX codes in the 615 and 901 area codes, together with the number of NXX codes requested."<sup>1</sup> Pursuant to Federal Communications Commission ("FCC") regulations, NANPA

<sup>1</sup> *In re Area Code Conservation Measures in Tennessee*, Request to the North American Numbering Plan Administrator to Develop an Industry Voluntary Allocation Plan and to Provide Periodic Reports to the Tennessee Regulatory Authority on NXX Code Requests, Docket No. 99-00784 (Dec. 10, 1999).

performs its NXX code administration functions in accordance with industry guidelines.<sup>2</sup> Pursuant to industry guidelines, NANPA is required to treat as confidential NXX code request information submitted by service providers until the assigned code holder (service provider) inputs the requested NXX into the Routing Data Base System ("RDBS") and Business Rating Input Database System ("BRIDS").<sup>3</sup> After the service provider inputs the information into RDBS and BRIDS, the assignment of the NXX becomes public information. Generally, the service provider has seven days after the assignment is made to input the assigned NXX code information into RDBS and BRIDS.<sup>4</sup> Occasionally, service providers may take up to sixty-one days to input this information. During this interval, NANPA cannot provide information regarding NXX code assignments. Denials or suspensions of NXX code requests are not submitted to RDBS / BRIDS.

Below is a summary of the NXX activity within the 615 and 901/731 area codes during the June 2001. All of the NXX assignments made by NANPA during June have been entered into RDBS and BRIDS and are listed in this report. All information provided in this report is public information.

<sup>2</sup> 47 C.F.R. §52.15(d)

<sup>3</sup> "All information provided on the NXX request form will be considered confidential, with selected information made available publicly only for those fields that must be input to the RDBS and BRIDS. The information placed in the RDBS or BRIDS becomes public upon assignment of the new code in the appropriate routing data base product." §4.1.5 Central Office Code (NXX) Assignment Guidelines (INC 95-0407-008, Nov. 13, 2000) ("CO Code Assignment Guidelines").
